HOMELESSNESS DEFINED:

- ▶ An individual who lacks a fixed, regular, and adequate nighttime residence;
- ▶ An individual who has a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings, including a car, park, abandoned building, bus or train station, airport, or camping ground;
- ▶ An individual or family living in a supervised publicly or privately operated shelter designated to provide temporary living arrangements (including hotels and motels paid for by Federal, State or local government programs for low-income individuals or by charitable organizations, congregate shelters, and transitional housing);
- ▶ An individual who resided in a shelter or place not meant for human habitation and who is exiting an institution where he or she temporarily resided;
- ▶ An individual or family who will imminently (within 14 days) lose their housing.

FACTS ABOUT HOMELESSNESS

- ▶ **One quarter of homeless people are children**
 - ▶ HUD reports that on any given night over 138,000 of the homeless in the US are children under the age of 18. Thousands of these homeless children are unaccompanied according to HUD.
- ▶ **Tens of thousands of veterans are homeless**
 - ▶ Over 57,000 veterans are homeless each night. Sixty percent of them were in shelters, the rest unsheltered. Nearly 5000 are female.
- ▶ **Domestic violence is a leading cause of homelessness in women**
 - ▶ More than 90% of homeless women are victims of severe physical or sexual abuse and escaping that abuse is a leading cause of their homelessness.
- ▶ **Many people are homeless because they cannot afford rent**
 - ▶ The lack of affordable housing is a primary cause of homelessness according to the National Law Center on Homelessness and Poverty. HUD has seen its budget slashed by over 50% in recent decades resulting in the loss of 10,000 units of subsidized low income housing each and every year.
