1	Cigarette smoke is a problem when I smell it.	9/10/2018 9:47 AM
2	There are often groups of kids/young people hanging out/ sitting in the walkways smoking downtown. I don't love that.	9/9/2018 1:15 PM
3	Even at Roosevelt Park—butts strewn on the grass. The walkways between parking lots and Main Street.	9/9/2018 11:51 AM
4	People smoking right in front of restaurant doors ☐	9/9/2018 9:52 AM
5	I smoke medical marijuana all the time I believe there should be designed areas for us that consume cannabis	9/9/2018 8:48 AM
6	Not just cigarettes either.	9/8/2018 12:08 PM
7	In particular, at the north side of the Pumphouse, and in the alley behind the Pumphouse and Roost.	9/8/2018 11:50 AM
8	Especially with the people that end up at the bars they smoke going down the sidewalk	9/8/2018 9:45 AM
9	Specifically around Breakers	9/8/2018 7:17 AM
10	It is usually vaping that I see people do in public with no consideration. Blowing smoke on the back of your neck and the smoke, and near you.	9/7/2018 10:07 PM
11	YES!Walking past the homeless smoking. I find myself not wanting to go downtown because I hate walking through it	9/7/2018 9:33 PM

1	More would be nice.	9/10/2018 9:47 AM
2	In the 300 block east alley; in the middle near bike racks... is needed.	9/10/2018 9:39 AM
3	I don't remember noticing where they are located.	9/9/2018 9:32 PM
4	The people that font properly dispose of their butts won't do it, no matter where the receptacles are placed.	9/9/2018 11:51 AM
5	One a block seems to make sense.	9/8/2018 8:41 PM
6	I don't smoke so I don't notice where they are.	9/8/2018 12:45 PM
7	Not sure since I do not smoke and therefore do not need them.	9/8/2018 11:06 AM
8	There needs to be more	9/8/2018 9:45 AM
9	It doesn't seem to matter people don't use them	9/8/2018 9:38 AM
10	Yes, however, by placing them along the main street sidewalks, this encourages smokers by the bench neat receptacles. My kids and I would always have to walk fast away from these people	9/8/2018 9:08 AM
11	I haven't noticed them.	9/8/2018 8:36 AM
12	I don't think it's so much a matter of 'conveniently located.' Many smokers don't seem to give it any thought the impact of their smoking or littering on others and the environment.	9/8/2018 6:11 AM
13	They especially need them by the main bus hub at 8th and Coffman.	9/8/2018 12:41 AM
14	Yes , people are just inconsiderate.	9/7/2018 10:07 PM
15	So you really think a homeless person will use it. I see them peeing on the walkway walls...get real!	9/7/2018 9:33 PM
16	There needs to be one near the parking lot bench behind the Roost, and more trash receptacles on cross streets, on Coffman and Kimbark	9/7/2018 10:20 AM
17	Ban smoking	9/7/2018 8:44 AM
18	I've never noticed any	9/7/2018 8:39 AM

1	We should keep it at least 50' from any business entrance, effectively ban it on Main St.	9/10/2018 9:47 AM
2	Full smoking ban in parks, must be more than 30 feet from the entrance/exit of any establishment to smoke. Or make designated smoking spot downtown like a bus stop but closed in like they have at the airports.	9/9/2018 9:52 AM
3	I would like to see smoking banned in all parks and downtown.	9/9/2018 8:51 AM
4	The foul smell travels, and stays in the area long after the smokers are gone.	9/8/2018 11:50 AM
5	Some where away from everyone there are people who have severe asthma problems	9/8/2018 9:45 AM
6	To force yourself upon another individuals liberty is wrong	9/8/2018 9:29 AM
7	I fear that having restrictions would cause people who want to smoke to do so closer to the neighborhood houses, which I do not think is fair to them. However, I would support the banning of smoking downtown.	9/8/2018 7:17 AM
8	Supportive but against designated smoking zones--CU did that for a while, and it made it so I had to walk through concentrated clouds of smoke. Please also address vaping.	9/8/2018 6:11 AM

9	It seems like common courtesy (I am a smoker as well) to not smoke near open doors, or near other people in general. I would be absolutely fine with having to walk a block or something to a designated spot.	9/8/2018 12:41 AM
10	As an ex smoker, I know for a fact that the inability to go out and have a smoke due to restrictions would affect my decision to do business in an area with such restrictions	9/8/2018 12:30 AM
11	Second hand smoking is as harmful as smoking .	9/7/2018 10:07 PM
12	Yes! No Smoking is a start Then let's have no "camping"	9/7/2018 9:33 PM
13	IMO, health trumps the right to smoke. Second-hand smoke can be lethal.	9/7/2018 12:11 PM
14	Smoking bothers me physically, so I would rather it was contained far from me. Keeping some areas for smokers, which do not impinge on paths I must take to go to shops downtown, seems reasonable.	9/7/2018 9:53 AM
15	Please restrict!!!	9/7/2018 8:56 AM
16	No nanny state. Just stop it.	9/7/2018 8:40 AM

1	I totally support no smoking EVERYWHERE, but the challenge is A) enforcement and B) the congregation of smokers just outside of the restricted areas	9/10/2018 5:37 PM
2	OR designated smoking areas near the bars(?)	9/10/2018 9:39 AM
3	Only until 10pm on the sidewalks. There is a lot of night life after 10pm	9/9/2018 8:27 PM
4	Have smokers use the alley for smoking not near an outdoor eating patio. Or, have designated areas.	9/8/2018 6:31 PM
5	None	9/8/2018 9:29 AM
6	I think all smoking should be banned from Main Street	9/8/2018 9:13 AM
7	Anywhere that I might walk and can't avoid the smoke.	9/8/2018 8:36 AM
8	And public parks and facilities like the library.	9/8/2018 6:11 AM

10	For the most part.	9/8/2018 12:41 AM
11	I don't want to take my child passed people smoking. Also NO E-CIGARETTES and No pot	9/7/2018 9:33 PM
12	I'm a smoker, it's an addiction. Trying to be +20ft from any door, or children, pretty much automatically rules out most of Main St.	9/7/2018 10:20 AM
13	It does seem a bit extreme. I'd love for there to be no smoking, but I'm not sure how fair that is.	9/7/2018 9:53 AM
14	Ban all	9/7/2018 8:44 AM
15	Outside bars, restaurants and anywhere that caters to children	9/7/2018 8:39 AM

18	I don't know but maybe behind the city hall, or it will probably be more effective if it were right off of the Main Street. The area should be surrounded by a see through wall as you see in other countries	9/8/2018 9:08 AM
19	I am unsure of where	9/8/2018 8:36 AM

21	Alleyways	9/8/2018 7:17 AM
22	In the alleys	9/8/2018 7:07 AM
23	Designated areas don't work--concentrates the smoke for others who have to walk through it, and it looks awful to see a bunch of employees smoking together. When Abbott Labs went smoke-free in IL, their employees sat out on their signage by the street, which conveyed a weird image to those driving by.	9/8/2018 6:11 AM
24	not near schools	9/8/2018 2:12 AM
25	That's a hard one. I think a few businesses on main have back doors that aren't on main Street, which would solve the problem. Just go out back. But for the others that don't have back doors, I'm not sure. Hmm.	9/8/2018 12:41 AM

1	there will be the complainers, as always. they are the smokers, though.	9/10/2018 5:37 PM
2	The smell can ruin an evening out.	9/10/2018 9:47 AM
3	Depends on how many people care or complain. Overall it IS better for everyone.	9/9/2018 8:27 PM
4	Boulder doesn't allow it on the pearl st mall and that's nice.	9/9/2018 1:15 PM
5	My husband suffers from severe scent induced asthma- cigarette smoke can put him in to respiratory distress. We have to be ever vigilant about our surroundings.	9/9/2018 11:51 AM
6	I smoked as a young person and it took forever to quit. It's a horrible addiction, smells awful, and kills people. I don't think we should support smoking in any form in public, because when kids see smoking they assume it is acceptable. If we can end the addiction cycle, we can end smoking.	9/9/2018 8:51 AM
7	Neutral isn't an option, but I don't think it would affect me at all.	9/9/2018 7:08 AM
8	I would bring my kids down there more often	9/8/2018 9:45 AM

9	I probably wouldn't go there anymore.	9/8/2018 7:15 AM
10	The city and residents would be and appear cleaner and healthier.	9/8/2018 6:11 AM
11	As I said, I'm a smoker, but I also don't like seeing butts arounds or getting a huge cloud of smoke in my face. Or seeing little kids inhaling it.	9/8/2018 12:41 AM
12	It would not affect me personally because I don't smoke, but I have friends and family that do smoke and they would go elsewhere to do business	9/8/2018 12:30 AM
13	I would visit MORE!	9/7/2018 9:33 PM
14	Obviously I'm always trying to quit, but I work downtown so ending up having to walk several blocks a few times a day is ridiculous. Maybe it'll be the push I need to quit, maybe it'll just be annoying? Can't decide.	9/7/2018 10:20 AM
15	I don't think its needed. It'll just create more chaos to have people enforce and adhere to it. It's not needed.	9/7/2018 8:58 AM
16	I have not noticed it before, but I could have a positive or neutral impact	9/7/2018 8:34 AM
